WEDNESDAY, - - - OCT. 30, 1895.

Note early next Tuesday and as often as you can.

Bradley is said to have heard of a fellow named Mullin.

Cleveland received a confidential communication while at the Atlanta Exposition last week.

If you favor the force bill and a high protective tariff vote the Republican ticket.

Note the straight Democratic ticket next Tuesday—a searcher is not a good Democrat.

We have not heard a Republican say that Bradley made a good speech here last Thursday.

Bradley and Wilson seem to be enjoying their campaign on wheels and their champagne on ice.

Note early next Tuesday morning and suggest to all your neighbors to go and do likewise, ye Democrats.

A man who has anything else to do, yet goes into the revenue service as a ganger, ought to have his neck broke.

A splendid company has suspended at Indianapolis, but that is no more than the Republicans did in that city two weeks ago.

Read in mind that it costs three times as much to convict a criminal in Republican judicial districts as it does in Democratic districts.

A Democrat for revenue only is not the best kind of Democrat—but some fellows who failed to get a Government office seem to think so.

If the editor of the Pantagraph will look after his vernacular wrapper he will be excused from taking any part in the affairs of the CLIMAX.

Bradley's special train intended to be a sort of triumphal procession, will degenerate into a funeral procession, with him as the chief mourner.

Has anybody heard of anybody who was converted to Republicanism by the speeches of Bradley and Wilson at the court house last Thursday?

Did it ever occur to you that the fellow who favors the free and unlimited coinage of silver at a ratio of 16 to 1, necessarily favors the demoralization of silver?

All that Republican talk about there being something wrong with the Auditors office, is mere campaign dust to blind the people to Republican sins.

"Are the Republicans in Kentucky different from those in New York?" is the question to ask yourself when considering that Republican Legislative law concerning hotels, etc.

We know some fellows who received Government appointments but are now thinking of voting against the men who were instrumental in securing them the places—and they are much nearer right than the other fellows who are kicking because they didn't get in.

Remember that there are six times as many pauper idiots in the Republican judicial districts as there are in Democratic judicial districts, but Tyler says he doesn't know whether the Republicans make pauper idiots or pauper idiots make Republicans.

STATES RIGHTS.

The liberty of governing themselves, is a liberty conceded the people by Democratic doctrine. Vote the Democratic ticket next Tuesday from stem to stern.

AS IN FRANCE.

France has Anarchists as the result of the late French impudent—the Republican party wants to impelinate the United States.

RUSSIAN TENDENCY.

Russia has a "strong government" and more Nihilists than she can well support. The Republican party in the United States favors a strong government and would Russify the United States.

GERMANY APPEAL.

The German government is a "strong" one. Germany is overrun with Socialists and Anarchists. The Republican party in the United States wants a "strong" government that would encourage Socialism.

DON'T FORGET DEMOCRATIC DOCTRINE

The foundation of Democratic principle is a government of the people, for the people, by the people. The basis of Republican doctrine is a government of the people by a few people, for a few people.

CZAR REED.

Ex-Speaker Reed is a model Republican. He ruled the House with an iron hand, and was called "Czar" Reed because he so much resembled the Russian ruler. The Republican party would like to boss the United States as Reed bossed Congress.

AN EVIDENCE OF IT.

Nothing better should be asked as an evidence of the tyranny embraced in the public doctrine than the so-called "force bill," or the bill providing for soldiers or United States Marshals at the polls. Democrats be ready to vote for your ticket next Tuesday.

NOT A FAIRER.

The Duke of Marlborough is not so poor as represented. He has cleared large English estates to Miss Vanderbilt. The lady's father has set aside \$10,000,000, the interest of which goes annually to her. At her death the money goes to her children. Any arrangement that suits them ought to suit the balance of mankind, but it won't.

BIG BREAK IN LOUISVILLE.

Banberger, Bloom & Co., the widely known Louisville merchants, made an assignment Saturday. Some years ago they turned out, and since that the assignment of other firms has involved them. The panic and long season of ill-luck combined to press them. Their liabilities go well up to a million and a half, with assets of like amount. This was a great firm, and many are the regrets that come from all parts of the country.

CORRESPONDENCE.

PANOLA.

The leading is in rapid progress. Births—To Mrs. John P. Winkler, a boy; to Mrs. Gibson Johnson, a boy; to Mrs. Jas. French, a boy. Dr. Johnson is behind with his reports, but will finish up the list as soon as possible.

Bro. Caldwell was called Sunday last to preach for the Sneedwell Christian church, and will preach regularly from now on the fourth Lord's day, morning and evening, in each month.

Lewis Sandlings, former Deputy Sheriff of Jackson county, reports the killing of Henry Galtard by Cash Lakes on Kavenaugh branch of Station Camp in Jackson county. Both had been moonshiners. Galtard would induce others to moonshine and then report, hence the trouble. There were but few words passed. A brother of Galtard was struck in the leg by a spent ball, making a slight flesh wound. Galtard was shot in the chest three times, dying immediately.

Last Sunday was an interesting day at Crooked Creek Church. Prof. R. C. Adams has been instructing classes in vocal music at Beaver Pond, Alger, they met Sunday and sang alternately, and then all together. The words about the church never echoed such delightful music before. The songs were interspersed by short speeches, appropriate to the occasion. Much favorable comment was heard on these made by Dr. A. J. James of New York, and Clarence, oldest son of Dr. Johnson of Panola. Prof. Adams has done a good work in rousing such enthusiasm in a good cause.

BOOKS-WOMEN.

Mr. Sims Baxter went to Lexington Wednesday where he bought a wagon. The old admonition, "Make hay while the sun shines," was heeded by our farmers in its broad sense last week.

At the regular service at the church here last Sunday Rev. T. Q. Martin was unanimously called for the ensuing year. His many adherents are glad to know that he is not physically disabled as had been reported.

Why should Brookstown not have her share of stump-speeches while they are being showered around us?

At Boggs schoolhouse a Sunday-school has been lately organized in which our people participate—knowing its saving power.

"A rainy Sunday in the country" has lost its gleam since the last one settled the dust.

R. D. Baldwin and Miss Elizabeth were at home last week from Winchester.

DOYLEVILLE.

Mrs. A. J. Walden, of this place, who has been sick, is improving.

Miss Little Reeves, from near here, accompanied her cousin, Mrs. Malissa Withers, to her home at Central City last week to stay until Christmas.

Annie B. Mr. Robert Lanter's little girl, who has been sick, so long, is improving slowly.

Mr. Ivan Wootley, Mrs. John Wootley and Mrs. B. L. Alney were called to the bedside of their father, Mr. Henry Wootley, in East county, last week, who is very low.

Mr. and Mrs. John Baber and daughter Allie visited relatives near Speedwell the past week. While gone a call came from Clark county for them to attend the bedside of their daughter, Mrs. A. Brock, who is very sick.

Mrs. J. R. Thompson, of Jackson county, visited her son near here a few days past. She is in very bad health.

Mrs. Nannie Thompson, of this place, is down with pneumonia.

BLACK LICK.

A good rain fell here Sunday evening and cheered everybody up, after a long season of dry weather which has done much towards damaging the crops in this vicinity.

Mr. John Fortune is talking of leaving our neighborhood, he and his excellent family will be greatly missed.

Mr. Harrison Foley will leave shortly for Knox county to spend the winter with relatives. His presence will be missed.

The first anniversary of the establishment of a Sabbath School at Pilot Knob Baptist church, will be celebrated next Sunday, November 24, 1895, at 9 o'clock, a. m. A large crowd is expected and several speakers will be there to interest and address the school.

Mr. Field Golding is much improved after his long illness.

Mr. Galtner Foley is the boss corn smucker in this community. He and his son shucked 35 shocks in one day recently.

Miss Hallie Barclay has returned from a four weeks visit to Nicholasville. Her friends are all glad of her return.

Much other farmers' time is now being spent in the corn field, and politics are not disturbing their equilibrium much.

KIRKSVILLE.

Wm. Park, of Richmond, spent Saturday with relatives here.

S. S. PARKES, of your city, spent Sunday in Kirksville.

Miss Annie Weaver is out after a spell of fever.

J. B. Walker is very sick with fever.

John W. Arnold and Geo. H. Simmons spent Sunday with relatives here.

Patrick Grady, Jr., bought of Dr. H. A. Phillips his farm of about 250 acres at a price in the neighborhood of \$75 per acre. This is one of the best farms in this locality. It has splendid improvements and a beautiful dwelling house, and the soil is excellent.

Annie Reap, the daughter of Mr. and Mrs. C. S. Reap, departed this life Friday evening, Oct. 24th. She had been sick several months with consumption. The bereaved family have the sympathy of the community.

The angel of Death came on last Friday to the home of Mr. and Mrs. J. T. Gray, near here, and laid his icy hand on their little daughter Jessie, aged about three years. She was an exceedingly bright child and the idol of its parents and grandparents. It was at the age to become attached, and for all to become attached, but God in His infinite wisdom and mercy took the little one home to Him, and the angels in heaven. The bereaved parents have the sympathy of the entire community.

Ween not, heart broken parents, Bessie has gone to rest: To live with God and the angels, Forever happy and blessed.

A Big Snail.

An echo of the Hume Clay sensation is a big snail filed Tuesday, by J. M. Thomas in his own behalf in that of the Commonwealth of Kentucky, against T. C. Robinson, D. B. Hampton, C. R. Fox, T. W. Hampton and John W. Hughes, securities of the late Will Farney, Sheriff, for \$10,000, with five years' interest, amounting to over \$13,000 James Holkein, deceased, and Richard Bush, deceased, were also parties and their estates will be made parties to the suit.

When Hume's defalcation became known the Winchester banks seemed attachments on considerable property belonging to M. H. Clay or M. H. Clay & Co. This was sold by Sheriff Farney, amounting to the first sale. It was a model question at the time as to whether Capt. J. M. Thomas was a partner in the firm of M. H. Clay or not, and the property was sold on the assumption that he was not, but that the property was that of Hume Clay. It was afterwards decided that Capt. Thomas was a partner, and as such was liable for a share of the firm's debts and entitled to his share of the firm's assets. Hence the suit. It was filed just in time, as one day would have barred it by limitation.—Winchester Democrat.

NEWVILLE had no Republican ticket but there was a strong feeling for it, and the straight Democratic ticket, 2

The assignment was filed in the county clerk's office. The Columbia Trust Co. was named as assignee.

The assignment was precipitated by the recent failure of Ward & Co., a wholesale clothing dealer, and which was so bad that the creditors will not get 10 cents on the dollar.

Fields in Brantford and Floyd County to be Drilled.

Jackson, Ky., Oct. 25.—John Ousel, of Brantford, Pa., has been in Jackson several days closing up leases for oil interests in different sections of Brantford county. Mr. Ousel came here direct from Floyd county, where he also closed leases on a large acreage from which he expects to develop great quantities of oil. He says that oil of the best quality is hidden in this section in inexhaustible quantities, and that at no distant date, after his operations are fairly on, he will demonstrate the wealth that lies beneath the surface besides timber and coal.

Frederick Death of a Woman—Either Made Away With or Secret to Death.

Louisville, Ky., Oct. 25.—The police are working on a mystery case involving Mrs. John M. Weber, several days ago and was either the victim of a secret murder or was frightened to death by a threatening anonymous message. Her husband opened fire on him at close range with a 38-caliber revolver. Lullford fired two shots, the first probably missing its mark. The second entered Lee's right breast about three inches below the nipple and passed through the lung. There is no possible chance for Lee's recovery.
